

# Making Inferences

Infer these situations:

- You sit down near your friend at lunch, and she gets up and moves to a different table. What could you infer is going on?
  - .....
- You get home from school, and your dog jumps on you and licks your face at the door. What could you infer is going on?
  - .....

An inference is an ..... that we make based on the ..... that is right in front of us, combined with our own .....

What are 3 inferences you can make from the video shown?

1. ....
2. ....
3. ....

Underline/highlight the pieces of text evidence that support the inferences that Katie is going trick-or-treating.

Katie was excited about tonight. Happily, she put on her big, red shoes and bright, yellow outfit. Her mom helped Katie paint her face white with a big, red circle on each cheek. Just before Katie ran out the door to meet her friends, she attached her large, squeaky nose and placed a bright blue, pointy hat on top of her head. She grabbed an empty bag and went out into the night.

Read the following paragraph. Answer the inference question in a complete sentence. Underline at least 2 clues (text evidences) that support the inference you made.

The waves crashed against the beach. Thunder cracked and lightning lit the sky. The wind howled and bent trees over sideways. People put shutters on their windows, bought supplies, and were ready.

What were the people expecting?

Create your own inference question about the passage above.
